423101, Maharashtra, India.

GROWER & EXPORTER OF FARM PRODUCE

A large container ship is shown from an aerial perspective, sailing on a blue ocean. The ship is heavily loaded with multi-colored shipping containers (red, yellow, green, blue, and white) stacked high on its deck. The ship's white superstructure is visible in the center. The background features a green landmass with a white zigzag pattern, possibly a coastline or a stylized map. The overall image conveys a sense of global trade and logistics.

COMMODITIES

KRUSHIDHAN FARM'S EXPORT

new text

ONION

Onion is one of the most commonly grown crops in Maharashtra, India. The state is one of the largest producers of onions in the country, and the crop is grown across various regions, including Nashik, Pune, and Aurangabad. The onion is an important staple in Indian cuisine, and it is also used in traditional medicine due to its numerous health benefits

- PUNA FURSUNGI
- PANCHGANGA
- ELLORA EXPORT

POMEGRANATE

Pomegranates are small, round fruits with a tough, red or yellow skin. Inside, they house jewel-like arils filled with sweet-tart juice and edible seeds. Packed with antioxidants like punicalagins and anthocyanins, they offer potential heart benefits and disease-fighting properties.
